The above referenced forms are being submitted in “John Doe” fashion for review and approval.

Form CL 89 0806 AR is a Flexible Premium Survivorship Universal Life Policy that will be individually marketed through licensed agents with an illustration. The key target market is for individuals interested in permanent life insurance protection for estate planning.

This policy is similar and will replace previously approved form CL 78 0203 AR, which was approved by your department on 01/30/2002. The differences between the policies are described below in the key elements paragraph.

Key elements of policies CL 89 0806 AR

1. 2001 CSO Ultimate Mortality Tables will be used as the basis for reserves and guaranteed COI rates. The 2001 CSO mortality rates extend to attained age 121.
2. The policy will have no stated maturity date. Premium payments and policy charges will continue to attained age 120. This eliminates the need for the extended maturity benefits and riders.
3. The current COI rates will utilize a 25 year select and ultimate table.
4. The current per \$1000 charge will be assessed for 10 years. The guaranteed per \$1000 charge will be assessed for 20 years.
5. The base No Lapse Guarantee duration is 10 years.
6. An additional risk class, super preferred, is being added for Tobacco Abstainers issue ages 20-70.

CLR-182 0806- Estate Protection Rider

This rider protects the policyholder from estate taxes that may be incurred when a life insurance policy is transferred to a trust if the insured dies within 3 years of such transfer. This rider provides an additional death benefit during the first 4 policy years equal to 125% of the base face amount. This is an optional rider with a per \$1000 charge assessed monthly during the first policy year on the initial face amount. This rider is not convertible and is not considered a qualified additional benefit for guideline premium calculations. This rider cannot be added after issue. This rider will be available on both policy forms being filed for approval as well as products already approved and ones we may develop in the future.

Request to Re-Open

Comments:

Dear Sir/Madam:

We are requesting that filing number 38272 be re-opened. We have identified language that was inadvertently omitted from the previously approved policy. The policy has not yet been issued.

The correction is the first paragraph in the Account Value provision on page ten, which has been added to clarify when the Account Value is calculated.

Policy

Values Account Value

The Account Value on the Policy Date shall be the Net Premium received for this policy on or before the Policy Date less the Monthly Policy Charges due on the Policy Date. On any other day, the Account Value will be:

- (1) the Account Value on the preceding Monthly Anniversary Day plus interest thereon to the current day; plus
- (2) any Net Premium received since the preceding Monthly Anniversary Day and interest thereon from the date of receipt to the current day; less
- (3) any withdrawal (including any withdrawal fee) paid since the preceding Monthly Anniversary Day and interest thereon from the date of payment to the current day; less
- (4) any Monthly Policy Charges due.

We certify that this is the only change made to policy form CL 89 0806.

Thank you for your understanding and we look forward to your assistance in this matter.

Sincerely,

Nikki Lape

PLANNED PREMIUM. The amount and frequency of the premium You have indicated You plan to pay, as shown on the Policy Schedule.

TARGET PREMIUM. An amount of premium for a Coverage Layer for a coverage year that We use to determine the Premium Expense Charge rate(s) applicable to each premium payment. If You request a decrease in Specified Amount after the Policy Date, the Target Premium for Your policy will decrease. We will send You an amended Policy Schedule showing the new Target Premium following any such decrease. The initial Target Premium depends on the age, sex and risk class of each insured person on the Policy Date. The Target Premium for a new Coverage Layer or for rider coverage You add will depend on the age, sex and risk class of each insured person on the effective date of the Coverage Layer or rider.

ACCOUNT VALUE. The Account Value reflects Your financial interest in the policy. The **Account Value** section explains how to calculate the Account Value.

CASH SURRENDER VALUE. The Account Value, less any applicable Surrender Charge.

***This Policy
is a Contract***

This policy is a contract between You and Us to insure the joint lives of the Insureds. We have issued it in reliance on the statements made in the application and in consideration for the premiums paid to Us.

Whenever We refer to the policy, We mean the entire contract. The entire contract consists of:

- the base policy;
- the attached application;
- any attached supplemental applications; and
- any attached riders, endorsements or amendments.

Riders, endorsements and amendments add provisions or change the terms of the base policy.

***Ownership
Provisions***

Owner, Contingent Owner and Joint Owner

You have all rights in this policy, subject to any assignment and to the rights of any irrevocable Beneficiary You have named to consent to a change of Beneficiary.

If You are not an Insured, You may name a contingent Owner. If You die before the surviving Insured, ownership would then pass to the contingent Owner. If there is no contingent Owner, Your estate would become the Owner.

This policy may be owned by two persons as joint Owners. In that case, both joint Owners must consent in writing to the exercise of any rights under the policy. You must also have the consent of any irrevocable Beneficiary to change the Beneficiary. You do not need the consent of a contingent Owner or a revocable Beneficiary to exercise any of Your rights. If a joint Owner dies before the Insured, ownership would pass to the surviving joint Owner(s) under a right of survivorship, unless otherwise indicated in the application or in a change of ownership notice.

You may change the Owner, or change or revoke any contingent Owner designation, at any time by written notice to Us. The change will take effect on the date You signed the notice, but We will not be liable for any payments We make or actions We take before We receive the notice in form satisfactory to Us at Our Home Office. A change of Owner automatically revokes any contingent Owner designation. A change of Owner, or a change or revocation of a contingent Owner designation, does not automatically change or revoke a prior Beneficiary designation.

Beneficiary Provisions

Primary Beneficiary and Contingent Beneficiary

The Beneficiary is the person to whom We pay the Death Proceeds upon the Second Insured's death. Unless You change them later, the primary and contingent Beneficiaries are the persons named in the application. If no primary Beneficiary is still living when the Second Insured dies, We will pay the Death Proceeds to any contingent Beneficiary who is still living. If there is no surviving primary or contingent Beneficiary, We will pay You. If You were an Insured, We will pay Your estate. The interest of any Beneficiary is subject to the rights of any assignee reflected on Our records.

Two or more persons may be named as primary Beneficiaries or contingent Beneficiaries. We will pay equal shares when there is more than one Beneficiary of the same class, unless You specify otherwise on the Beneficiary designation.

No revocable Beneficiary has rights under this policy until the Second Insured dies. An irrevocable Beneficiary cannot be changed without his or her consent.

You may change the Beneficiary at any time before the death of the Second Insured by sending written notice to Us. The change will be effective as of the date You signed the notice, but We will not be liable for any payments We make or other actions We take before the notice is received at Our Home Office.

Unless You have instructed otherwise, if the Beneficiary is the spouse of the Second Insured, and both die and We cannot tell who died first, We will pay the Death Proceeds as if the Beneficiary had survived the Second Insured.

Death Benefit Provisions

Death Benefit

We will pay the Death Benefit as described in the ***Payment of Proceeds*** section within two months after We receive proof that both Insureds died while this policy was in force, and any other proof that We may require in order to investigate the claim. The Beneficiary should contact Us at the Home Office or contact one of Our agents for instructions on how to file a claim.

Qualification as Life Insurance

To qualify as life insurance under applicable tax laws, Your policy must satisfy either the Guideline Premium Test or the Cash Value Accumulation Test. The Test used on the Policy Date is shown on the Policy Schedule. The minimum death benefit factors shown on the Policy Schedule correspond to this Test. The Test cannot be changed after the Policy Date.

Death Benefit Options

The Death Benefit will be one of the following two Options, as selected by You on the application, or as subsequently changed by You. The amount payable when We receive proof of death of both Insureds will be the Death Benefit valued as of the Second Insured's date of death. Any premiums received by Us after such date will be refunded to You.

Option 1

The Death Benefit is the greater of the following, less any Indebtedness: (1) the Specified Amount; or (2) the Account Value times the applicable factor from the minimum death benefit factors table shown on the Policy Schedule.

Option 2

The Death Benefit is the greater of the following, less any Indebtedness: (1) the Account Value plus the Specified Amount; or (2) the Account Value times the applicable factor from the minimum death benefit factors table shown on the Policy Schedule.

Your monthly Cost of Insurance Charge will be higher if You choose Death Benefit Option 2 because the Net Amount at Risk for Your policy will be higher. Therefore, the amount of premium You need to pay to keep the policy from terminating may also be higher.

Specified Amount and Death Benefit Option Changes

At any time after the first policy year, You may request a decrease in the Specified Amount, or a change in the Death Benefit Option, by sending notice to Us in writing at Our Home Office. Following Our approval of any such change, We will send You an amended Policy Schedule. We will not allow increases in the Specified Amount except when required by a Death Benefit Option change as described in the Changing the Death Benefit Option section of the policy.

Decreasing the Specified Amount

Any decrease in the Specified Amount that You request will become effective on the first Monthly Anniversary Day after We receive Your request. The minimum decrease is shown on the Policy Schedule. The new Specified Amount must not be less than the minimum issue limit shown on the Policy Schedule at issue. We may limit the amount of the decrease to preserve the tax status of this policy as life insurance.

Changing the Death Benefit Option

At any time after the first policy year, You may request a change in the Death Benefit Option. If You change the Death Benefit Option, We will increase or decrease the Specified Amount of Your policy such that the Death Benefit will be the same both immediately before and immediately after the change. If You request a change from Option 1 to Option 2, We will decrease the Specified Amount by the amount, if any, needed to keep the Death Benefit the same both before and after the change. If You request a change from Option 2 to Option 1, We will increase the Specified Amount by the amount, if any, needed to keep the Death Benefit the same both before and after the change. You may not make a change in the Death Benefit Option that would reduce the Specified Amount below the minimum issue limit shown on the Policy Schedule.

If You change from Option 1 to Option 2, the Net Amount at Risk for Your policy will not decrease over the life of the policy as it might have under Option 1, so You may pay higher monthly Cost of Insurance Charges in later policy years. Therefore, the amount of premium You need to pay to keep the policy from terminating may also be higher.

**Premium
Payment
Provisions**

Payment of Premiums

You may make premium payments under this policy during the lifetimes of one or both of the Insureds. The minimum premium You may pay is shown on the Policy Schedule. However, We will accept smaller premium payments if You pay by pre-authorizing Us to make automatic deductions from Your bank account. There is no maximum premium payment amount except We may refuse to accept any premium payment which would:

- (1) cause this policy to fail to qualify as life insurance under federal tax laws, unless such premium is required to keep the policy in force; or
- (2) increase the Net Amount at Risk for Your policy.

In order for this policy to take effect, the first premium paid must equal at least the No-Lapse Guarantee Minimum Monthly Premium as shown on the Policy Schedule at issue. Premiums after the first are payable at Our Home Office.

Planned Premiums

Your Planned Premium is shown on the Policy Schedule, but You are not required to make premium payments according to a set schedule. You may skip a Planned Premium payment, and You may change the frequency and the amount of the Planned Premium shown.

The amount and frequency of Your premium payments will affect Your policy values and the length of time for which You have insurance coverage. If Your Planned Premium is not enough to keep Your policy in force, You may need to change Your Planned Premium or make additional premium payments to keep Your policy from terminating.

Discontinuance of Premium Payments; Continuation of Insurance

If premium payments are not continued, insurance coverage under this policy and any benefits provided by rider will be continued until the policy lapses as described below in the ***Grace Period and Termination of Coverage*** section. No rider will be continued beyond the termination date provided in the rider.

Grace Period and Termination of Coverage

Except as described below in the ***Guarantee of Continued Coverage*** section, on any Monthly Anniversary Day when the Net Cash Surrender Value is less than the sum of the Monthly Policy Charges for the current month, We will allow a Grace Period. We will mail You, and anyone shown on Our records as holding this policy as collateral, a notice indicating the minimum premium You must pay in order to keep the policy in force. If a no-lapse guarantee is in effect, the amount of premium needed to keep this policy in force will be the lesser of:

- (1) an amount of premium which will result in a Net Cash Surrender Value sufficient to pay all Monthly Policy Charges due through the end of the Grace Period; or
- (2) the minimum premium needed under the no-lapse guarantee provision to keep the policy in force through the end of the Grace Period.

If there is not a no-lapse guarantee in effect, the amount of the minimum premium needed to keep this policy in force is the amount stated in (1) above.

You will have 61 days from the date We mail You this notice to pay or mail an amount equal to or more than the minimum needed premium. If You do not pay or mail at least the minimum needed premium within the 61-day Grace Period, all coverage provided by this policy will terminate without value at the end of the 61-day period. We will rely on the postmark to determine the date of mailing. If the Second Insured dies during the Grace Period, the proceeds paid will be reduced by the amount of any unpaid charges, not to exceed three times the sum of the Monthly Policy Charges, or the amount of minimum premium needed under the no-lapse guarantee provision to keep the policy in force through the date of death, if less. We will not terminate this policy until at least 61 days after We mail You and anyone shown on Our records as holding this policy as collateral, notice at the last addresses shown on Our records.

Reinstatement

If the Grace Period expires and Your policy terminates because You have not paid the needed premium, You may apply to reinstate the policy within five years after the expiration of the Grace Period if the Insured is still living. The policy can be reinstated only if either (a) both Insureds are alive; or (b) one insured is alive and the policy ended upon the death of the other Insured. The reinstatement is subject to evidence of insurability satisfactory to Us. In addition, You must pay an amount of premium which will result in a Net Cash Surrender Value sufficient to pay all accrued and unpaid costs and charges that would have been subtracted from the Account Value if there had been sufficient value on each Monthly Anniversary Day from the date the policy entered the Grace Period to the date of reinstatement, plus an amount sufficient to cover the Monthly Policy Charges for three months beyond the date of reinstatement. You must also repay or reinstate any Indebtedness that existed at the time of the termination. The reinstatement will be effective on the Monthly Anniversary Day on or following the date the application for reinstatement is approved by Us.

Following a reinstatement, Surrender Charges will continue to apply from the Policy Date as if there had been no lapse. We will restore any Surrender Charges deducted from Your policy at the time of lapse.

Guarantee of Continued Coverage

No-Lapse Guarantee

Beginning on the Policy Date and continuing to the earlier of the end of the no-lapse guarantee period shown on the Policy Schedule, We guarantee that this policy will not terminate or begin the Grace Period if, **on the Monthly Anniversary Day a Grace Period would otherwise begin**, (1) is equal to or greater than (2), where:

- (1) is the sum of the premiums paid, less any withdrawals (including withdrawal fees), plus interest accrued daily on the balance at the effective annual rate shown on the Policy Schedule as the Accumulation Rate for No-Lapse Guarantee Minimum Monthly Premium, less the amount of any Indebtedness; and

-
- (2) is the sum of the No-Lapse Guarantee Minimum Monthly Premium in effect on each Monthly Anniversary Day through and including the Monthly Anniversary Day on which the Grace Period would begin, plus interest accrued daily on each such premium from the Monthly Anniversary Day it is due at the effective annual rate shown on the Policy Schedule as the Accumulation Rate for No-Lapse Guarantee Minimum Monthly Premium.

Following a reinstatement, the above test will continue to apply from the Policy Date as if there had been no lapse. We will restore any Surrender Charges deducted from Your policy at the time of lapse.

Policy Values

Account Value

The Account Value on the Policy Date shall be the Net Premium received for this policy on or before the Policy Date less the Monthly Policy Charges due on the Policy Date. On any other day, the Account Value will be:

- (1) the Account Value on the preceding Monthly Anniversary Day plus interest thereon to the current day; plus
- (2) any Net Premium received since the preceding Monthly Anniversary Day and interest thereon from the date of receipt to the current day; less
- (3) any withdrawal (including any withdrawal fee) paid since the preceding Monthly Anniversary Day and interest thereon from the date of payment to the current day; less
- (4) any Monthly Policy Charges due.

Interest Rate

Your Account Value will earn interest. Interest will be credited to Your Account Value on each day after the Policy Date as described in the **Account Value** section. We guarantee that this interest rate will never be less than the effective annual rate shown on the Policy Schedule as the minimum guaranteed interest rate. We may, but are not required to, credit interest at current rates in excess of the guaranteed rate. Any such current interest rate will be determined by a prospective, and not retrospective assessment by Us of investment conditions. The current interest rate may vary by the size of the Account Value and the length of time the policy has been in force. We can apply a different rate of interest to that portion of the Account Value that is equal to Indebtedness, but it cannot be less than the minimum guaranteed interest rate shown on the Policy Schedule.

Cash Surrender Value

The Cash Surrender Value of this policy is the Account Value, less any applicable Surrender Charge, as described in the **Surrender Charge** section.

Net Cash Surrender Value

The Net Cash Surrender Value of this policy is the Cash Surrender Value less the amount of any Indebtedness.

Loan Provisions

Withdrawal

At any time after the first policy year, You may withdraw part of the Account Value of this policy by written notice to Us. The minimum amount of any withdrawal is shown on the Policy Schedule. No withdrawal can be made which would reduce the Net Cash Surrender Value to less than the minimum Net Cash Surrender Value shown on the Policy Schedule. We will charge a withdrawal fee for each withdrawal after the first in a policy year. The amount of the withdrawal fee is shown on the Policy Schedule.

The amount withdrawn (including any applicable withdrawal fee) will be deducted from the Account Value. A deduction from the Account Value will reduce the Death Benefit.

In addition, unless the Death Benefit is Death Benefit Option 2, We will reduce the Specified Amount to the extent necessary such that the difference between the Death Benefit and the Account Value will be no greater immediately after the withdrawal than it was before the withdrawal. You may not make a withdrawal that would reduce the Specified Amount below the minimum issue limit shown on the Policy Schedule.

We may defer the payment of any withdrawal for a period of up to six months from the date of Our receipt of the notice giving rise to such payment. Any delay will be on a nondiscriminatory basis toward You.

Full Surrender

You may surrender this policy for the Net Cash Surrender Value by written notice to Us. The amount We pay to You will be the Net Cash Surrender Value as of the date We process the written notice. We will pay proceeds as described in the ***Payment of Proceeds*** section.

Upon surrender within 30 days of a policy anniversary, the Cash Surrender Value under the policy will not be less than the Cash Surrender Value on such anniversary.

Right to Borrow and Maximum Loan

You may request a loan from Us. The maximum cumulative loan amount available under this policy, including any Indebtedness, may not exceed the Cash Surrender Value, less an amount equal to the Monthly Policy Charges for the next two months, and less the amount of loan interest on such maximum cumulative loan to the next policy anniversary. Indebtedness is secured by a first lien on this policy and any amounts payable under this policy. This policy will be the only security We require for the loan.

We may delay granting any loan for up to six months except for a loan to pay premiums on this policy or any other policy We issue. Any delay will be on a nondiscriminatory basis toward You.

Loan Interest

The maximum loan interest rate We charge is shown on the Policy Schedule. Loan interest is charged in arrears and is due on each Policy Anniversary and on the date the loan is repaid in full. The amount of any loan interest charged on the loan that is not paid when due will be treated as an additional loan.

Policy Termination

If the Indebtedness exceeds the Cash Surrender Value on any Monthly Anniversary Day, We will terminate this policy. We will not do this, however, until 61 days after We mail notice to You indicating the minimum amount of loan repayment that must be made in order to keep this policy in force. We will mail the notice to You, and to anyone shown on Our records as holding this policy as collateral, at the last addresses shown on Our records. A termination under this provision will not reduce the Grace Period described in the ***Grace Period and Termination of Coverage*** section.

Repaying Loans

Loans can be repaid in whole or in part at any time during the lifetimes of one or both Insureds. Any Indebtedness not repaid will reduce the amounts payable upon surrender of the policy or at the death of the Second Insured.

All payments We receive from You will be credited to Your policy as premium unless You give Us written notice that the payment is for loan repayment. Loan repayments will first be applied to pay accrued but unpaid interest on the loan. The balance will reduce the outstanding balance of Your loan.

Policy Costs and Charges

Premium Charges

We deduct certain charges from premium payments when We receive them to partially cover Our expenses of distributing the policy. These charges are 1) the Premium Expense Charge; and 2) the State Tax Charge.

Premium Expense Charge

We deduct a Premium Expense Charge from each premium payment received. This charge is deducted before the premium payment is credited to the policy.

The maximum Premium Expense Charge rates are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

The maximum Premium Expense Charge rates differ based on the following:

- The length of time a Coverage Layer has been in effect.
- The amount of the Target Premium for a Coverage Layer.

To determine the amount of the Premium Expense Charge deducted from each premium payment, We do the following:

- (1) We allocate the premium payment to each Coverage Layer in the same proportion as the Target Premium for a Coverage Layer bears to the total Target Premiums for all Coverage Layers.
- (2) We determine the coverage year for each Coverage Layer.
- (3) For each Coverage Layer, We determine the portions of the premium payment allocated to the Coverage Layer in its current coverage year that are below and above the Target Premium for that Coverage Layer.
- (4) We multiply each portion of the premium payment allocated to the Coverage Layer by the applicable Premium Expense Charge rate.
- (5) We add together the Premium Expense Charges for all of the Coverage Layers.

State Tax Charge

To cover state premium taxes associated with distribution of this policy, We will deduct a State Tax Charge from each premium received. This charge is deducted before the premium payment is credited to the policy. To determine the amount of the charge, We multiply the amount of the premium payment by the applicable State Tax Charge rate. The State Tax Charge rate We charge will vary by state to reflect the rate of premium tax charged by each state. We guarantee that the rate will never exceed the maximum State Tax Charge rate shown on the Policy Schedule.

Monthly Policy Charges

We deduct certain charges from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule to partially cover Our expenses of distributing, issuing and administering the policy, and to cover the cost of providing the base policy life insurance and rider benefits to You. These charges are 1) the Cost of Insurance Charge; 2) the Per Policy Charge; 3) the Per \$1,000 Charge; and 4) monthly charges for any riders.

Cost of Insurance Charge

We will deduct a Cost of Insurance Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Cost of Insurance Charge rates for each policy year are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

To determine the amount of the charge on any Monthly Anniversary Day, We divide the Net Amount at Risk for Your policy as of that Monthly Anniversary Day by 1000 and multiply by the monthly Cost of Insurance Charge rate for the applicable policy year.

The current monthly Cost of Insurance Charge rates for Your policy depend on the age, sex and risk class of each Insured on each policy anniversary. Any change in the current monthly Cost of Insurance Charge rates will be on a non-discriminatory basis toward any Insureds and will apply equally to all Insureds of the same ages, sexes and risk classes whose coverage has been in effect for the same length of time.

Per Policy Charge

We will deduct a Per Policy Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Per Policy Charge is shown on the Policy Schedule. At Our option, We may charge less than the maximum amount shown.

Per \$1,000 Charge

We will deduct a Per \$1,000 Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Per \$1,000 Charge rates for the initial Coverage Layer are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

To determine the amount of the charge on any Monthly Anniversary Day, We divide the Specified Amount for each Coverage Layer by 1000 and multiply by the monthly Per \$1,000 Charge rate applicable to that Coverage Layer. We then add together the charges for each Coverage Layer.

If the Specified Amount for an existing Coverage Layer is increased due to a Death Benefit Option change, or if the Specified Amount is decreased for any reason, the monthly Per \$1,000 Charge will continue to be calculated as if the increase or decrease had not occurred.

The maximum monthly Per \$1,000 Charge rate for a Coverage Layer depends on the age, sex and risk class of each Insured on the Policy Date or effective date of a Coverage Layer.

Rider Charges

Charges for any riders You add to Your policy are described in the applicable rider. Maximum rider cost of insurance charges will be shown in the Policy Schedule.

Surrender Charge

For a certain period following the Policy Date We will deduct a Surrender Charge from Your Account Value if either of the following occurs:

- (1) You surrender Your policy; or
- (2) a Grace Period ends without sufficient premium or loan repayment being paid to Us to keep the policy in force.

The amount of the Surrender Charge that would apply in each policy month of Your policy is shown on the Policy Schedule at issue.

The Surrender Charge amounts depend on the age, sex and risk class of each Insured on the Policy Date.

Payment of Proceeds

Policy Proceeds

The proceeds of this policy may be either Death Proceeds, payable to the Beneficiary upon the death of the Second Insured, or Net Cash Surrender Value proceeds, payable to You if this policy is canceled for its Net Cash Surrender Value during the lifetime of one or both Insureds.

How We Pay

Proceeds may be paid in a lump sum or under one or more Income Plans. The Income Plans are described in ***The Income Plans*** section.

Net Cash Surrender Value proceeds will be due on the date We receive Your written request at Our Home Office. We may defer the payment of Net Cash Surrender Value proceeds for a period of up to six months from the date of Our receipt of the notice giving rise to such payment. Any delay will be on a nondiscriminatory basis toward You.

Death Proceeds will be due on the date of the Second Insured's death. We will make payment within two months following receipt of due proof of death and any other proof that We require in order to investigate the claim.

We will pay interest on the Death Benefit if we fail to make payment within a reasonable period of time, not to exceed 30 days, after we receive proof of death. The rate will be at an annual rate of 8%, payable from the date of death to the date of payment. If payment is to be made under an income plan, "date of payment" will be the effective date of the plan.

Choosing an Income Plan

You may choose an Income Plan shown on the Policy Schedule for Net Cash Surrender Value proceeds or for Death Proceeds during the lifetime of either Insured. If You choose an Income Plan, a Beneficiary may not change it. If You do not choose an Income Plan before the Second Insured dies, the Beneficiary can choose one. If the Beneficiary does not choose an Income Plan within 60 days after the date proceeds are due, We will pay the proceeds in a lump sum. For each plan We may issue a separate written agreement putting the plan into effect. The minimum amount that may be applied under an Income Plan is shown on the Policy Schedule. Each payment must be at least the minimum payment amount shown on the Policy Schedule. We may make less frequent payments if payments to be made would be less than the minimum payment amount.

The Beneficiary may be the payee for payments under the selected Income Plan, or may name a different payee to receive the payments under Income Plans. The Beneficiary may also name a contingent payee to receive any amount still due when the payee dies. If a payee dies and there is not a contingent payee, any amount due and unpaid will be paid to the estate of the payee who died. A payee or contingent payee may not be a fiduciary or non-natural person without Our consent.

The Income Plans

In addition to the Income Plan(s) shown on the Policy Schedule, other Income Plans may be available. The Income Plans are described in terms of monthly payments. You may request quarterly, semi-annual or annual payments instead of monthly payments. We will quote the amount of the other payments upon request.

We guarantee interest under the Income Plans at the minimum effective annual income plan interest rate shown on the Policy Schedule. We may increase the interest rate above the minimum. Payments will be based on the interest rate in effect on the date of the first payment. Life contingent payments will be based on the income plan mortality table shown on the Policy Schedule.

Commutation of Income Plans

No payment and no amount held under an Income Plan may be transferred or withdrawn before its due date. However, the right to transfer or withdraw may be made a part of any plan, if We agree.

General Provisions

Annual Report

At least once a year We will send You an annual report without charge showing the current Account Value, Surrender Charge, Cash Surrender Value, Indebtedness, Net Cash Surrender Value, amount of interest credited to the Account Value, premiums paid, loan activity, withdrawals, Premium Charges, Monthly Policy Charges, and any other fees deducted since the date of the last report. Any other information required by applicable law will also be included in the annual report.

Projection of Benefits and Values

You may request other information about this policy, including a projected illustration of policy benefits and values, based upon assumptions as are necessary and specified by Us and/or You. We may charge a fee not to exceed the maximum illustration fee shown on the Policy Schedule to provide this information. We may limit the number of illustrations We will provide in a policy year.

Reliance

We have issued this policy in reliance on the answers You have provided to Us in the application and in any supplemental applications. In the absence of fraud, these answers are considered representations, and not warranties. We have assumed that all these answers are true and complete. If they are not, We may contest the validity of this policy as explained in the ***Limits on Our Contesting This Policy*** section. If that occurred, We would send back all the premiums You had paid, or the monthly costs of insurance charges for any rider We contest.

Tobacco Use Reclassification

You may apply for reclassification of an Insured from tobacco user to non-tobacco user by completing a form provided by Us. If You apply for a reclassification, the application will become part of the application for the policy. If the Insured meets Our criteria for non-tobacco user reduced Cost of Insurance Charge rates based upon the application, We will send an amended Policy Schedule showing the new classification and the new maximum Cost of Insurance Charge rates. The reduced rates will be effective on the Monthly Anniversary Day following Our receipt of the application. We will not contest the amount of insurance attributable to the reduction in Cost of Insurance Charge rates after the reduced rates have been in effect during the Insured's lifetime for two years from the date of the reduction.

Reclassification will be based upon Our general underwriting rules in effect at the time of the application, which may include criteria other than smoking and/or tobacco use status and may include a definition of smoker and/or tobacco use different from that at issue. No information provided in the application will be used to assign the Insured to a less favorable classification.

Limits on Our Contesting This Policy

No statement will be used in contesting this policy unless it is in an application or supplemental application and a copy of such application is attached to this policy. No statement will be used in contesting a rider unless it is in an application or supplemental application for such rider and a copy of such application is attached to this policy. This provision shall not apply to any agreement providing benefits in event of disability or in event of death from accidental means.

We will not contest this policy after it has been in effect during both Insureds' lifetimes for two years from the Policy Date. Unless otherwise provided in the rider, We will not contest any rider attached to this policy after the rider has been in effect during the Insured's lifetime for two years from the effective date of the rider.

We will not contest this policy with respect to statements made in an application for reinstatement after the policy has been in effect during both Insureds' lifetimes for two years from the effective date of the reinstatement, or if only one Insured was alive at the time of the lapse, after the policy has been in effect during that Insured's lifetime for two years from the effective date of the reinstatement. Any premium refund will be limited to those paid on or after the effective date of the reinstatement.

Our right to contest beyond these two-year periods is limited to the Insured(s) who died during such period. The policy or rider is incontestable with respect to the Insured(s) who survived the two-year period.

You agree to notify Us of the death of the first Insured to die as soon as reasonably possible. Upon the death of an Insured, You also agree to provide Us with an authorization for the release of medical records and any other documents requested to verify the eligibility for benefits. If You do not notify Us of the first death which occurred in the first two policy years, and any other two-year period mentioned above, this policy or the appropriate part of it will remain contestable even if You continue to pay premiums and We continue to accept them.

Policy Exchange Option

We will exchange this policy for two individual policies, one on the life of each of the Insureds, subject to the conditions stated below.

This option may be exercised on or within 6 months after the date one of the following exchange option events occurs:

- (1) A final divorce decree on the Insureds' marriage has been in effect for 6 months and the Insureds have been living separately and independently for a continuous 6-month period. In no event can this option be exercised more than 12 months following the final divorce decree.
- (2) The Federal Tax Law is changed resulting in:
 - (a) the repeal of the unlimited marital deduction provision; or

a reduction by at least 50% of the maximum federal estate tax bracket.

In addition, the following conditions for exchange listed below must be met:

- This policy must be in force.
- We must receive the first premium for each new policy.
- The Owner and the Insured must sign the application for each new policy.
- Any administrative requirements deemed necessary by Us must be met.
- If an Insured was not in a preferred or standard risk class on the Policy Date, We must receive evidence of insurability satisfactory to Us.
- Written request satisfactory to Us must be received at Our Home Office on or within 6 months after the date an exchange option event occurs. Written request must be submitted by the Owner of this policy.
- Evidence of the exchange option event satisfactory to Us must be received at Our Home Office on or within 6 months after the date an exchange option event occurs.

-
- This policy must be surrendered to Us before the exchange date.
 - The exchange date is the Monthly Anniversary Day following the date this option is exercised.
 - This policy, including any attached riders, will terminate on the day before the exchange date. This is the termination date.
 - Both of the Insureds under this policy must be living on the exchange date.
 - Any assignee must agree in writing to the exchange.

This policy must have enough value to remain in force until the exchange date.

We will issue two new policies as follows:

- The face amount of each new policy will be: (1) one-half of this policy's Specified Amount on the exchange date; plus (2) one-half of the death benefit of any second-to-die rider (which covers both Insureds) attached to this policy; plus (3) the face amount of any single life rider for the same Insured.
- The premium deposited to each new policy will be one-half of this policy's Account Value as of the termination date.
- The policy date of each new policy will be the exchange date.
- Each new policy will be subject to one-half the amount of any Indebtedness on this policy.
- Each new policy will be subject to any existing assignment of this policy
- Additional benefit riders will be available with each new policy only with Our consent; evidence of insurability at the Insured's age will be required.
- The risk class for each new policy will be subject to the risk classes available for the new policy and the Insured's risk class when this policy was underwritten. If an Insured was not in a preferred or standard class then, the new policy will be based on the current risk class of the Insured. If such an Insured is now uninsurable, We will not issue a new policy for that Insured but We will treat one-half of this policy as if it had been surrendered and pay one-half of its Net Cash Surrender Value to the Owner of this policy.
- Current and maximum cost of insurance charges on each new policy will be based on the age, sex and risk class of the Insured.

This policy exchange option terminates:

- If one of the Insureds under this policy dies.
- If this policy terminates.
- If this policy is exchanged.

Suicide

We will pay only a limited benefit if either of the Insureds commits suicide while sane or insane, within two years from the Policy Date. If the policy is in effect, We will return the premiums You paid, less: (1) the amount of any Indebtedness; (2) any withdrawal amount (including withdrawal fees); and (3) all monthly costs of insurance on all persons other than the Insureds ever covered by rider. If the amount of the Net Cash Surrender Value is larger, We will pay it instead.

If the first Insured to die committed suicide, You may choose between taking such limited benefit in cash or receiving a single life policy on the life of the surviving Insured with the limited benefit used as a premium. The face amount of this new policy will be the Specified Amount of this policy and the amount of insurance provided by rider on the life of the surviving Insured (excluding any

first-to-die rider) when this policy was issued. The new policy will be a flexible premium universal life policy, will have the same policy date as this policy and will be based on the underwriting classification of the surviving Insured when this policy was issued. The incontestability and suicide provisions of the new policy will run from its policy date. However, it may be necessary to pay an additional premium at the time of this change because the premium for a single life policy is higher than the premium for a joint life policy with the same amount of death benefit.

If the surviving Insured also commits suicide, while sane or insane, before the second policy anniversary and before We have paid the limited benefit described above, We will pay the limited benefit in cash to the beneficiary.

If the surviving Insured dies (but not by suicide) within 30 days of the suicide of the First Insured and before You choose between taking the limited benefit in cash or receiving the new policy, We will assume that You chose the new policy and deduct any necessary additional premium from the death proceeds under the new policy. If such second death is more than 30 days after the suicide and We have not received Your request for the new policy, We will pay the limited benefit in cash to You.

A similar limited benefit will be payable in cash to the beneficiary if the death of the first Insured to die is not by suicide and the surviving Insured commits suicide, while sane or insane, before the second policy anniversary. It will be based on the second date of death.

This provision also applies to any rider attached to this policy. The two-year period will be measured from the rider's date of issue.

Error in Age or Sex

If either Insured's age or sex as stated in the application is wrong, it could mean the Monthly Policy Charges are wrong and that policy values have to be recalculated. The same is true for the age or sex of any other person insured by a rider to this policy. If the error is discovered while at least one Insured is still living, We will adjust the Account Value to the amount it would have been if the monthly Cost of Insurance Charges for the correct age and sex of each Insured had been applied from the Policy Date. If the error is discovered after the deaths of both Insureds, We will adjust the amount of the Death Proceeds payable to the amount that the monthly Cost of Insurance for the month of death would have purchased at the correct age and sex of each Insured.

Claims of Creditors

The proceeds of this policy will be paid free from the claims of creditors to the extent allowed by law.

Assignment

You may assign this policy, subject to the rights of any irrevocable Beneficiary, by giving Us written notice of the assignment. An assignment does not change the ownership of the policy. But, Your rights and any Beneficiary's rights will be subject to the terms of the assignment. We will not be responsible for the validity of an assignment. We will not be liable for any payments We make or actions We take before We receive written notice, satisfactory to Us, at Our Home Office of an assignment or, as applicable, a release of assignment.

Required Note on Our Computations

Calculations are based on the Mortality Tables and minimum guaranteed interest rate(s) shown on the Policy Schedule. We have filed a detailed statement of Our

computations with the applicable State Insurance Department. The values under this policy are not less than those required by the law of the state where the policy is delivered. Any benefit provided by an attached rider will not increase these values unless stated in the rider.

Authority to Make Agreements

All agreements made by Us must be in writing and signed by Our president, a vice president, Our secretary or an assistant secretary. No other person, including an insurance agent, can change any of this policy's terms, extend the time for paying premiums, or make any other agreement which would be binding on Us.

Conformity with Laws

We reserve the right to make any changes necessary to comply with any federal or state statute, rule or regulation. We do not need Your consent to make such changes.

When In Force

The policy will take effect on the date You have received it, satisfied all delivery requirements, and paid the minimum initial premium as described in the ***Payment of Premiums*** section while both Insureds are alive and in the same health as indicated in the application. It will take effect anew on any reinstatement date. The policy will be "in force" from the time it takes effect until it ends as described in the ***Termination*** section.

Termination

This policy will terminate and all insurance coverage under the policy will stop: (1) as of the date We receive notice from You requesting surrender of the policy; (2) as of the date the surviving Insured dies (although some riders may provide benefits for other covered persons beyond the surviving Insured's death); (3) as of the date the Grace Period expires without payment of the needed premium; or (4) as of the date 61 days after We mail You notice that the amount of the Indebtedness exceeds the Cash Surrender Value less the Monthly Policy Charges without payment of the needed loan repayment; or (5) the day before the exchange date under the ***Policy Exchange Option*** section.

Notices

Whenever written notice is required, send it to Our Home Office. The address of Our Home Office is shown on the front of this policy. Please include the policy number in Your correspondence.

Nonparticipating

This policy and any riders attached to it are issued at a nonparticipating rate and shall not share in Our surplus earnings.

If any of these variables change from the amount as filed, they will be changed for all new issues, such that there will be only one plan available in the market at any one time.

These items are being filed as variable so that we can adjust them if dictated by market conditions, evidence of antiselection, experience that is markedly different from pricing assumptions, etc. Any change to the items will result in a new value remaining within the ranges specified below.

If You request a decrease in Specified Amount after the Policy Date, the Target Premium for Your policy will decrease. We will send You an amended Policy Schedule showing the new Target Premium following any such decrease. The initial Target Premium depends on the age, sex and risk class of each insured person on the Policy Date. The Target Premium for a new Coverage Layer or for rider coverage You add will depend on the age, sex and risk class of each insured person on the effective date of the Coverage Layer or rider.

CASH SURRENDER VALUE. The Account Value, less any applicable Surrender Charge.

The Surrender Charges that would apply in each policy month are shown on the Policy Schedule.

***This Policy
is a Contract***

This policy is a contract between You and Us to insure the joint lives of the Insureds. We have issued it in reliance on the statements made in the application and in consideration for the premiums paid to Us.

Whenever We refer to the policy, We mean the entire contract. The entire contract consists of:

- the base policy;
- the attached application;
- any attached supplemental applications; and
- any attached riders, endorsements or amendments.

Riders, endorsements and amendments add provisions or change the terms of the base policy.

***Ownership
Provisions***

Owner, Contingent Owner and Joint Owner

You have all rights in this policy, subject to any assignment and to the rights of any irrevocable Beneficiary You have named to consent to a change of Beneficiary.

If You are not an Insured, You may name a contingent Owner. If You die before the surviving Insured, ownership would then pass to the contingent Owner. If there is no contingent Owner, Your estate would become the Owner.

This policy may be owned by two persons as joint Owners. In that case, both joint Owners must consent in writing to the exercise of any rights under the policy. You must also have the consent of any irrevocable Beneficiary to change the Beneficiary. You do not need the consent of a contingent Owner or a revocable Beneficiary to exercise any of Your rights. If a joint Owner dies before the Insured, ownership would pass to the surviving joint Owner(s) under a right of survivorship, unless otherwise indicated in the application or in a change of ownership notice.

You may change the Owner, or change or revoke any contingent Owner designation, at any time by written notice to Us. The change will take effect on the date You signed the notice, but We will not be liable for any payments We make or actions We take before We receive the notice in form satisfactory to Us at Our Home Office. A change of Owner automatically revokes any contingent Owner designation. A change of Owner, or a change or revocation of a contingent Owner designation, does not automatically change or revoke a prior Beneficiary designation.

Beneficiary Provisions

Primary Beneficiary and Contingent Beneficiary

The Beneficiary is the person to whom We pay the Death Proceeds upon the Second Insured's death. Unless You change them later, the primary and contingent Beneficiaries are the persons named in the application. If no primary Beneficiary is still living when the Second Insured dies, We will pay the Death Proceeds to any contingent Beneficiary who is still living. If there is no surviving primary or contingent Beneficiary, We will pay You. If You were an Insured, We will pay Your estate. The interest of any Beneficiary is subject to the rights of any assignee reflected on Our records.

Two or more persons may be named as primary Beneficiaries or contingent Beneficiaries. We will pay equal shares when there is more than one Beneficiary of the same class, unless You specify otherwise on the Beneficiary designation.

No revocable Beneficiary has rights under this policy until the Second Insured dies. An irrevocable Beneficiary cannot be changed without his or her consent.

You may change the Beneficiary at any time before the death of the Second Insured by sending written notice to Us. The change will be effective as of the date You signed the notice, but We will not be liable for any payments We make or other actions We take before the notice is received at Our Home Office.

Unless You have instructed otherwise, if the Beneficiary is the spouse of the Second Insured, and both die and We cannot tell who died first, We will pay the Death Proceeds as if the Beneficiary had survived the Second Insured.

Death Benefit Provisions

Death Benefit

We will pay the Death Benefit as described in the ***Payment of Proceeds*** section within two months after We receive proof that both Insureds died while this policy was in force, and any other proof that We may require in order to investigate the claim. The Beneficiary should contact Us at the Home Office or contact one of Our agents for instructions on how to file a claim.

Qualification as Life Insurance

To qualify as life insurance under applicable tax laws, Your policy must satisfy either the Guideline Premium Test or the Cash Value Accumulation Test. The Test used on the Policy Date is shown on the Policy Schedule. The minimum death benefit factors shown on the Policy Schedule correspond to this Test. The Test cannot be changed after the Policy Date.

Death Benefit Options

The Death Benefit will be one of the following two Options, as selected by You on the application, or as subsequently changed by You. The amount payable when We receive proof of death of both Insureds will be the Death Benefit valued as of the Second Insured's date of death. Any premiums received by Us after such date will be refunded to You.

Option 1

The Death Benefit is the greater of the following, less any Indebtedness: (1) the Specified Amount; or (2) the Account Value times the applicable factor from the minimum death benefit factors table shown on the Policy Schedule.

Option 2

The Death Benefit is the greater of the following, less any Indebtedness: (1) the Account Value plus the Specified Amount; or (2) the Account Value times the applicable factor from the minimum death benefit factors table shown on the Policy Schedule.

Your monthly Cost of Insurance Charge will be higher if You choose Death Benefit Option 2 because the Net Amount at Risk for Your policy will be higher. Therefore, the amount of premium You need to pay to keep the policy from terminating may also be higher.

Specified Amount and Death Benefit Option Changes

At any time after the first policy year, You may request a decrease in the Specified Amount, or a change in the Death Benefit Option, by sending notice to Us in writing at Our Home Office. Following Our approval of any such change, We will send You an amended Policy Schedule. We will not allow increases in the Specified Amount except when required by a Death Benefit Option change as described in the Changing the Death Benefit Option section of the policy.

Decreasing the Specified Amount

Any decrease in the Specified Amount that You request will become effective on the first Monthly Anniversary Day after We receive Your request. The minimum decrease is shown on the Policy Schedule. The new Specified Amount must not be less than the minimum issue limit shown on the Policy Schedule at issue. We may limit the amount of the decrease to preserve the tax status of this policy as life insurance.

Changing the Death Benefit Option

At any time after the first policy year, You may request a change in the Death Benefit Option. If You change the Death Benefit Option, We will increase or decrease the Specified Amount of Your policy such that the Death Benefit will be the same both immediately before and immediately after the change. If You request a change from Option 1 to Option 2, We will decrease the Specified Amount by the amount, if any, needed to keep the Death Benefit the same both before and after the change. If You request a change from Option 2 to Option 1, We will increase the Specified Amount by the amount, if any, needed to keep the Death Benefit the same both before and after the change. You may not make a change in the Death Benefit Option that would reduce the Specified Amount below the minimum issue limit shown on the Policy Schedule.

If You change from Option 1 to Option 2, the Net Amount at Risk for Your policy will not decrease over the life of the policy as it might have under Option 1, so You may pay higher monthly Cost of Insurance Charges in later policy years. Therefore, the amount of premium You need to pay to keep the policy from terminating may also be higher.

**Premium
Payment
Provisions**

Payment of Premiums

You may make premium payments under this policy during the lifetimes of one or both of the Insureds. The minimum premium You may pay is shown on the Policy Schedule. However, We will accept smaller premium payments if You pay by pre-authorizing Us to make automatic deductions from Your bank account. There is no maximum premium payment amount except We may refuse to accept any premium payment which would:

- (1) cause this policy to fail to qualify as life insurance under federal tax laws, unless such premium is required to keep the policy in force; or
- (2) increase the Net Amount at Risk for Your policy.

In order for this policy to take effect, the first premium paid must equal at least the No-Lapse Guarantee Minimum Monthly Premium as shown on the Policy Schedule at issue. Premiums after the first are payable at Our Home Office.

Planned Premiums

Your Planned Premium is shown on the Policy Schedule, but You are not required to make premium payments according to a set schedule. You may skip a Planned Premium payment, and You may change the frequency and the amount of the Planned Premium shown.

The amount and frequency of Your premium payments will affect Your policy values and the length of time for which You have insurance coverage. If Your Planned Premium is not enough to keep Your policy in force, You may need to change Your Planned Premium or make additional premium payments to keep Your policy from terminating.

Discontinuance of Premium Payments; Continuation of Insurance

If premium payments are not continued, insurance coverage under this policy and any benefits provided by rider will be continued until the policy lapses as described below in the ***Grace Period and Termination of Coverage*** section. No rider will be continued beyond the termination date provided in the rider.

Grace Period and Termination of Coverage

Except as described below in the ***Guarantee of Continued Coverage*** section, on any Monthly Anniversary Day when the Net Cash Surrender Value is less than the sum of the Monthly Policy Charges for the current month, We will allow a Grace Period. We will mail You, and anyone shown on Our records as holding this policy as collateral, a notice indicating the minimum premium You must pay in order to keep the policy in force. If a no-lapse guarantee is in effect, the amount of premium needed to keep this policy in force will be the lesser of:

- (1) an amount of premium which will result in a Net Cash Surrender Value sufficient to pay all Monthly Policy Charges due through the end of the Grace Period; or
- (2) the minimum premium needed under the no-lapse guarantee provision to keep the policy in force through the end of the Grace Period.

If there is not a no-lapse guarantee in effect, the amount of the minimum premium needed to keep this policy in force is the amount stated in (1) above.

You will have 61 days from the date We mail You this notice to pay or mail an amount equal to or more than the minimum needed premium. If You do not pay or mail at least the minimum needed premium within the 61-day Grace Period, all coverage provided by this policy will terminate without value at the end of the 61-day period. We will rely on the postmark to determine the date of mailing. If the Second Insured dies during the Grace Period, the proceeds paid will be reduced by the amount of any unpaid charges, not to exceed three times the sum of the Monthly Policy Charges, or the amount of minimum premium needed under the no-lapse guarantee provision to keep the policy in force through the date of death, if less. We will not terminate this policy until at least 61 days after We mail You and anyone shown on Our records as holding this policy as collateral, notice at the last addresses shown on Our records.

Reinstatement

If the Grace Period expires and Your policy terminates because You have not paid the needed premium, You may apply to reinstate the policy within five years after the expiration of the Grace Period if the Insured is still living. The policy can be reinstated only if either (a) both Insureds are alive; or (b) one insured is alive and the policy ended upon the death of the other Insured. The reinstatement is subject to evidence of insurability satisfactory to Us. In addition, You must pay an amount of premium which will result in a Net Cash Surrender Value sufficient to pay all accrued and unpaid costs and charges that would have been subtracted from the Account Value if there had been sufficient value on each Monthly Anniversary Day from the date the policy entered the Grace Period to the date of reinstatement, plus an amount sufficient to cover the Monthly Policy Charges for three months beyond the date of reinstatement. You must also repay or reinstate any Indebtedness that existed at the time of the termination. The reinstatement will be effective on the Monthly Anniversary Day on or following the date the application for reinstatement is approved by Us.

Following a reinstatement, Surrender Charges will continue to apply from the Policy Date as if there had been no lapse. We will restore any Surrender Charges deducted from Your policy at the time of lapse.

Guarantee of Continued Coverage

No-Lapse Guarantee

Beginning on the Policy Date and continuing to the earlier of the end of the no-lapse guarantee period shown on the Policy Schedule, We guarantee that this policy will not terminate or begin the Grace Period if, **on the Monthly Anniversary Day a Grace Period would otherwise begin**, (1) is equal to or greater than (2), where:

- (1) is the sum of the premiums paid, less any withdrawals (including withdrawal fees), plus interest accrued daily on the balance at the effective annual rate shown on the Policy Schedule as the Accumulation Rate for No-Lapse Guarantee Minimum Monthly Premium, less the amount of any Indebtedness; and

-
- (2) is the sum of the No-Lapse Guarantee Minimum Monthly Premium in effect on each Monthly Anniversary Day through and including the Monthly Anniversary Day on which the Grace Period would begin, plus interest accrued daily on each such premium from the Monthly Anniversary Day it is due at the effective annual rate shown on the Policy Schedule as the Accumulation Rate for No-Lapse Guarantee Minimum Monthly Premium.

Following a reinstatement, the above test will continue to apply from the Policy Date as if there had been no lapse. We will restore any Surrender Charges deducted from Your policy at the time of lapse.

Policy Values

Account Value

- (1) the Account Value on the preceding Monthly Anniversary Day plus interest thereon to the current day; plus
- (2) any Net Premium received since the preceding Monthly Anniversary Day and interest thereon from the date of receipt to the current day; less
- (3) any withdrawal (including any withdrawal fee) paid since the preceding Monthly Anniversary Day and interest thereon from the date of payment to the current day; less
- (4) any Monthly Policy Charges due.

Interest Rate

Your Account Value will earn interest. Interest will be credited to Your Account Value on each day after the Policy Date as described in the **Account Value** section. We guarantee that this interest rate will never be less than the effective annual rate shown on the Policy Schedule as the minimum guaranteed interest rate. We may, but are not required to, credit interest at current rates in excess of the guaranteed rate. Any such current interest rate will be determined by a prospective, and not retrospective assessment by Us of investment conditions. The current interest rate may vary by the size of the Account Value and the length of time the policy has been in force. We can apply a different rate of interest to that portion of the Account Value that is equal to Indebtedness, but it cannot be less than the minimum guaranteed interest rate shown on the Policy Schedule.

Cash Surrender Value

The Cash Surrender Value of this policy is the Account Value, less any applicable Surrender Charge, as described in the **Surrender Charge** section.

Net Cash Surrender Value

The Net Cash Surrender Value of this policy is the Cash Surrender Value less the amount of any Indebtedness.

Withdrawal

At any time after the first policy year, You may withdraw part of the Account Value of this policy by written notice to Us. The minimum amount of any withdrawal is shown on the Policy Schedule. No withdrawal can be made which would reduce the Net Cash Surrender Value to less than the minimum Net Cash Surrender Value shown on the Policy Schedule. We will charge a withdrawal fee for each withdrawal after the first in a policy year. The amount of the withdrawal fee is shown on the Policy Schedule.

The amount withdrawn (including any applicable withdrawal fee) will be deducted from the Account Value. A deduction from the Account Value will reduce the Death Benefit.

In addition, unless the Death Benefit is Death Benefit Option 2, We will reduce the Specified Amount to the extent necessary such that the difference between the Death Benefit and the Account Value will be no greater immediately after the withdrawal than it was before the withdrawal. You may not make a withdrawal that would reduce the Specified Amount below the minimum issue limit shown on the Policy Schedule.

We may defer the payment of any withdrawal for a period of up to six months from the date of Our receipt of the notice giving rise to such payment. Any delay will be on a nondiscriminatory basis toward You.

Full Surrender

You may surrender this policy for the Net Cash Surrender Value by written notice to Us. The amount We pay to You will be the Net Cash Surrender Value as of the date We process the written notice. We will pay proceeds as described in the ***Payment of Proceeds*** section.

Upon surrender within 30 days of a policy anniversary, the Cash Surrender Value under the policy will not be less than the Cash Surrender Value on such anniversary.

Loan Provisions

Right to Borrow and Maximum Loan

You may request a loan from Us. The maximum cumulative loan amount available under this policy, including any Indebtedness, may not exceed the Cash Surrender Value, less an amount equal to the Monthly Policy Charges for the next two months, and less the amount of loan interest on such maximum cumulative loan to the next policy anniversary. Indebtedness is secured by a first lien on this policy and any amounts payable under this policy. This policy will be the only security We require for the loan.

We may delay granting any loan for up to six months except for a loan to pay premiums on this policy or any other policy We issue. Any delay will be on a nondiscriminatory basis toward You.

Loan Interest

The maximum loan interest rate We charge is shown on the Policy Schedule. Loan interest is charged in arrears and is due on each Policy Anniversary and on the date the loan is repaid in full. The amount of any loan interest charged on the loan that is not paid when due will be treated as an additional loan.

Policy Termination

If the Indebtedness exceeds the Cash Surrender Value on any Monthly Anniversary Day, We will terminate this policy. We will not do this, however, until 61 days after We mail notice to You indicating the minimum amount of loan repayment that must be made in order to keep this policy in force. We will mail the notice to You, and to anyone shown on Our records as holding this policy as collateral, at the last addresses shown on Our records. A termination under this provision will not reduce the Grace Period described in the ***Grace Period and Termination of Coverage*** section.

Repaying Loans

Loans can be repaid in whole or in part at any time during the lifetimes of one or both Insureds. Any Indebtedness not repaid will reduce the amounts payable upon surrender of the policy or at the death of the Second Insured.

All payments We receive from You will be credited to Your policy as premium unless You give Us written notice that the payment is for loan repayment. Loan repayments will first be applied to pay accrued but unpaid interest on the loan. The balance will reduce the outstanding balance of Your loan.

Policy Costs and Charges

Premium Charges

We deduct certain charges from premium payments when We receive them to partially cover Our expenses of distributing the policy. These charges are 1) the Premium Expense Charge; and 2) the State Tax Charge.

Premium Expense Charge

We deduct a Premium Expense Charge from each premium payment received. This charge is deducted before the premium payment is credited to the policy.

The maximum Premium Expense Charge rates are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

The maximum Premium Expense Charge rates differ based on the following:

- The length of time a Coverage Layer has been in effect.
- The amount of the Target Premium for a Coverage Layer.

To determine the amount of the Premium Expense Charge deducted from each premium payment, We do the following:

- (1) We allocate the premium payment to each Coverage Layer in the same proportion as the Target Premium for a Coverage Layer bears to the total Target Premiums for all Coverage Layers.
- (2) We determine the coverage year for each Coverage Layer.
- (3) For each Coverage Layer, We determine the portions of the premium payment allocated to the Coverage Layer in its current coverage year that are below and above the Target Premium for that Coverage Layer.
- (4) We multiply each portion of the premium payment allocated to the Coverage Layer by the applicable Premium Expense Charge rate.
- (5) We add together the Premium Expense Charges for all of the Coverage Layers.

State Tax Charge

To cover state premium taxes associated with distribution of this policy, We will deduct a State Tax Charge from each premium received. This charge is deducted before the premium payment is credited to the policy. To determine the amount of the charge, We multiply the amount of the premium payment by the applicable State Tax Charge rate. The State Tax Charge rate We charge will vary by state to reflect the rate of premium tax charged by each state. We guarantee that the rate will never exceed the maximum State Tax Charge rate shown on the Policy Schedule.

Monthly Policy Charges

We deduct certain charges from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule to partially cover Our expenses of distributing, issuing and administering the policy, and to cover the cost of providing the base policy life insurance and rider benefits to You. These charges are 1) the Cost of Insurance Charge; 2) the Per Policy Charge; 3) the Per \$1,000 Charge; and 4) monthly charges for any riders.

Cost of Insurance Charge

We will deduct a Cost of Insurance Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Cost of Insurance Charge rates for each policy year are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

To determine the amount of the charge on any Monthly Anniversary Day, We divide the Net Amount at Risk for Your policy as of that Monthly Anniversary Day by 1000 and multiply by the monthly Cost of Insurance Charge rate for the applicable policy year.

The current monthly Cost of Insurance Charge rates for Your policy depend on the age, sex and risk class of each Insured on each policy anniversary. Any change in the current monthly Cost of Insurance Charge rates will be on a non-discriminatory basis toward any Insureds and will apply equally to all Insureds of the same ages, sexes and risk classes whose coverage has been in effect for the same length of time.

Per Policy Charge

We will deduct a Per Policy Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Per Policy Charge is shown on the Policy Schedule. At Our option, We may charge less than the maximum amount shown.

Per \$1,000 Charge

We will deduct a Per \$1,000 Charge from Your Account Value on each Monthly Anniversary Day as shown on the Policy Schedule. The maximum monthly Per \$1,000 Charge rates for the initial Coverage Layer are shown on the Policy Schedule. At Our option, We may charge less than the maximum rates shown.

To determine the amount of the charge on any Monthly Anniversary Day, We divide the Specified Amount for each Coverage Layer by 1000 and multiply by the monthly Per \$1,000 Charge rate applicable to that Coverage Layer. We then add together the charges for each Coverage Layer.

If the Specified Amount for an existing Coverage Layer is increased due to a Death Benefit Option change, or if the Specified Amount is decreased for any reason, the monthly Per \$1,000 Charge will continue to be calculated as if the increase or decrease had not occurred.

The maximum monthly Per \$1,000 Charge rate for a Coverage Layer depends on the age, sex and risk class of each Insured on the Policy Date or effective date of a Coverage Layer.

Rider Charges

Charges for any riders You add to Your policy are described in the applicable rider. Maximum rider cost of insurance charges will be shown in the Policy Schedule.

Surrender Charge

For a certain period following the Policy Date We will deduct a Surrender Charge from Your Account Value if either of the following occurs:

- (1) You surrender Your policy; or
- (2) a Grace Period ends without sufficient premium or loan repayment being paid to Us to keep the policy in force.

The amount of the Surrender Charge that would apply in each policy month of Your policy is shown on the Policy Schedule at issue.

The Surrender Charge amounts depend on the age, sex and risk class of each Insured on the Policy Date.

Payment of Proceeds

Policy Proceeds

The proceeds of this policy may be either Death Proceeds, payable to the Beneficiary upon the death of the Second Insured, or Net Cash Surrender Value proceeds, payable to You if this policy is canceled for its Net Cash Surrender Value during the lifetime of one or both Insureds.

How We Pay

Proceeds may be paid in a lump sum or under one or more Income Plans. The Income Plans are described in ***The Income Plans*** section.

Net Cash Surrender Value proceeds will be due on the date We receive Your written request at Our Home Office. We may defer the payment of Net Cash Surrender Value proceeds for a period of up to six months from the date of Our receipt of the notice giving rise to such payment. Any delay will be on a nondiscriminatory basis toward You.

Death Proceeds will be due on the date of the Second Insured's death. We will make payment within two months following receipt of due proof of death and any other proof that We require in order to investigate the claim.

We will pay interest on the Death Benefit if we fail to make payment within a reasonable period of time, not to exceed 30 days, after we receive proof of death. The rate will be at an annual rate of 8%, payable from the date of death to the date of payment. If payment is to be made under an income plan, "date of payment" will be the effective date of the plan.

Choosing an Income Plan

You may choose an Income Plan shown on the Policy Schedule for Net Cash Surrender Value proceeds or for Death Proceeds during the lifetime of either Insured. If You choose an Income Plan, a Beneficiary may not change it. If You do not choose an Income Plan before the Second Insured dies, the Beneficiary can choose one. If the Beneficiary does not choose an Income Plan within 60 days after the date proceeds are due, We will pay the proceeds in a lump sum. For each plan We may issue a separate written agreement putting the plan into effect. The minimum amount that may be applied under an Income Plan is shown on the Policy Schedule. Each payment must be at least the minimum payment amount shown on the Policy Schedule. We may make less frequent payments if payments to be made would be less than the minimum payment amount.

The Beneficiary may be the payee for payments under the selected Income Plan, or may name a different payee to receive the payments under Income Plans. The Beneficiary may also name a contingent payee to receive any amount still due when the payee dies. If a payee dies and there is not a contingent payee, any amount due and unpaid will be paid to the estate of the payee who died. A payee or contingent payee may not be a fiduciary or non-natural person without Our consent.

The Income Plans

In addition to the Income Plan(s) shown on the Policy Schedule, other Income Plans may be available. The Income Plans are described in terms of monthly payments. You may request quarterly, semi-annual or annual payments instead of monthly payments. We will quote the amount of the other payments upon request.

We guarantee interest under the Income Plans at the minimum effective annual income plan interest rate shown on the Policy Schedule. We may increase the interest rate above the minimum. Payments will be based on the interest rate in effect on the date of the first payment. Life contingent payments will be based on the income plan mortality table shown on the Policy Schedule.

Commutation of Income Plans

No payment and no amount held under an Income Plan may be transferred or withdrawn before its due date. However, the right to transfer or withdraw may be made a part of any plan, if We agree.

General Provisions

Annual Report

At least once a year We will send You an annual report without charge showing the current Account Value, Surrender Charge, Cash Surrender Value, Indebtedness, Net Cash Surrender Value, amount of interest credited to the Account Value, premiums paid, loan activity, withdrawals, Premium Charges, Monthly Policy Charges, and any other fees deducted since the date of the last report. Any other information required by applicable law will also be included in the annual report.

Projection of Benefits and Values

You may request other information about this policy, including a projected illustration of policy benefits and values, based upon assumptions as are necessary and specified by Us and/or You. We may charge a fee not to exceed the maximum illustration fee shown on the Policy Schedule to provide this information. We may limit the number of illustrations We will provide in a policy year.

Reliance

We have issued this policy in reliance on the answers You have provided to Us in the application and in any supplemental applications. In the absence of fraud, these answers are considered representations, and not warranties. We have assumed that all these answers are true and complete. If they are not, We may contest the validity of this policy as explained in the ***Limits on Our Contesting This Policy*** section. If that occurred, We would send back all the premiums You had paid, or the monthly costs of insurance charges for any rider We contest.

Tobacco Use Reclassification

You may apply for reclassification of an Insured from tobacco user to non-tobacco user by completing a form provided by Us. If You apply for a reclassification, the application will become part of the application for the policy. If the Insured meets Our criteria for non-tobacco user reduced Cost of Insurance Charge rates based upon the application, We will send an amended Policy Schedule showing the new classification and the new maximum Cost of Insurance Charge rates. The reduced rates will be effective on the Monthly Anniversary Day following Our receipt of the application. We will not contest the amount of insurance attributable to the reduction in Cost of Insurance Charge rates after the reduced rates have been in effect during the Insured's lifetime for two years from the date of the reduction.

Reclassification will be based upon Our general underwriting rules in effect at the time of the application, which may include criteria other than smoking and/or tobacco use status and may include a definition of smoker and/or tobacco use different from that at issue. No information provided in the application will be used to assign the Insured to a less favorable classification.

Limits on Our Contesting This Policy

No statement will be used in contesting this policy unless it is in an application or supplemental application and a copy of such application is attached to this policy. No statement will be used in contesting a rider unless it is in an application or supplemental application for such rider and a copy of such application is attached to this policy. This provision shall not apply to any agreement providing benefits in event of disability or in event of death from accidental means.

We will not contest this policy after it has been in effect during both Insureds' lifetimes for two years from the Policy Date. Unless otherwise provided in the rider, We will not contest any rider attached to this policy after the rider has been in effect during the Insured's lifetime for two years from the effective date of the rider.

We will not contest this policy with respect to statements made in an application for reinstatement after the policy has been in effect during both Insureds' lifetimes for two years from the effective date of the reinstatement, or if only one Insured was alive at the time of the lapse, after the policy has been in effect during that Insured's lifetime for two years from the effective date of the reinstatement. Any premium refund will be limited to those paid on or after the effective date of the reinstatement.

Our right to contest beyond these two-year periods is limited to the Insured(s) who died during such period. The policy or rider is incontestable with respect to the Insured(s) who survived the two-year period.

You agree to notify Us of the death of the first Insured to die as soon as reasonably possible. Upon the death of an Insured, You also agree to provide Us with an authorization for the release of medical records and any other documents requested to verify the eligibility for benefits. If You do not notify Us of the first death which occurred in the first two policy years, and any other two-year period mentioned above, this policy or the appropriate part of it will remain contestable even if You continue to pay premiums and We continue to accept them.

Policy Exchange Option

We will exchange this policy for two individual policies, one on the life of each of the Insureds, subject to the conditions stated below.

This option may be exercised on or within 6 months after the date one of the following exchange option events occurs:

- (1) A final divorce decree on the Insureds' marriage has been in effect for 6 months and the Insureds have been living separately and independently for a continuous 6-month period. In no event can this option be exercised more than 12 months following the final divorce decree.
- (2) The Federal Tax Law is changed resulting in:
 - (a) the repeal of the unlimited marital deduction provision; or

a reduction by at least 50% of the maximum federal estate tax bracket.

In addition, the following conditions for exchange listed below must be met:

- This policy must be in force.
- We must receive the first premium for each new policy.
- The Owner and the Insured must sign the application for each new policy.
- Any administrative requirements deemed necessary by Us must be met.
- If an Insured was not in a preferred or standard risk class on the Policy Date, We must receive evidence of insurability satisfactory to Us.
- Written request satisfactory to Us must be received at Our Home Office on or within 6 months after the date an exchange option event occurs. Written request must be submitted by the Owner of this policy.
- Evidence of the exchange option event satisfactory to Us must be received at Our Home Office on or within 6 months after the date an exchange option event occurs.

-
- This policy must be surrendered to Us before the exchange date.
 - The exchange date is the Monthly Anniversary Day following the date this option is exercised.
 - This policy, including any attached riders, will terminate on the day before the exchange date. This is the termination date.
 - Both of the Insureds under this policy must be living on the exchange date.
 - Any assignee must agree in writing to the exchange.

This policy must have enough value to remain in force until the exchange date.

We will issue two new policies as follows:

- The face amount of each new policy will be: (1) one-half of this policy's Specified Amount on the exchange date; plus (2) one-half of the death benefit of any second-to-die rider (which covers both Insureds) attached to this policy; plus (3) the face amount of any single life rider for the same Insured.
- The premium deposited to each new policy will be one-half of this policy's Account Value as of the termination date.
- The policy date of each new policy will be the exchange date.
- Each new policy will be subject to one-half the amount of any Indebtedness on this policy.
- Each new policy will be subject to any existing assignment of this policy
- Additional benefit riders will be available with each new policy only with Our consent; evidence of insurability at the Insured's age will be required.
- The risk class for each new policy will be subject to the risk classes available for the new policy and the Insured's risk class when this policy was underwritten. If an Insured was not in a preferred or standard class then, the new policy will be based on the current risk class of the Insured. If such an Insured is now uninsurable, We will not issue a new policy for that Insured but We will treat one-half of this policy as if it had been surrendered and pay one-half of its Net Cash Surrender Value to the Owner of this policy.
- Current and maximum cost of insurance charges on each new policy will be based on the age, sex and risk class of the Insured.

This policy exchange option terminates:

- If one of the Insureds under this policy dies.
- If this policy terminates.
- If this policy is exchanged.

Suicide

We will pay only a limited benefit if either of the Insureds commits suicide while sane or insane, within two years from the Policy Date. If the policy is in effect, We will return the premiums You paid, less: (1) the amount of any Indebtedness; (2) any withdrawal amount (including withdrawal fees); and (3) all monthly costs of insurance on all persons other than the Insureds ever covered by rider. If the amount of the Net Cash Surrender Value is larger, We will pay it instead.

If the first Insured to die committed suicide, You may choose between taking such limited benefit in cash or receiving a single life policy on the life of the surviving Insured with the limited benefit used as a premium. The face amount of this new policy will be the Specified Amount of this policy and the amount of insurance provided by rider on the life of the surviving Insured (excluding any

first-to-die rider) when this policy was issued. The new policy will be a flexible premium universal life policy, will have the same policy date as this policy and will be based on the underwriting classification of the surviving Insured when this policy was issued. The incontestability and suicide provisions of the new policy will run from its policy date. However, it may be necessary to pay an additional premium at the time of this change because the premium for a single life policy is higher than the premium for a joint life policy with the same amount of death benefit.

If the surviving Insured also commits suicide, while sane or insane, before the second policy anniversary and before We have paid the limited benefit described above, We will pay the limited benefit in cash to the beneficiary.

If the surviving Insured dies (but not by suicide) within 30 days of the suicide of the First Insured and before You choose between taking the limited benefit in cash or receiving the new policy, We will assume that You chose the new policy and deduct any necessary additional premium from the death proceeds under the new policy. If such second death is more than 30 days after the suicide and We have not received Your request for the new policy, We will pay the limited benefit in cash to You.

A similar limited benefit will be payable in cash to the beneficiary if the death of the first Insured to die is not by suicide and the surviving Insured commits suicide, while sane or insane, before the second policy anniversary. It will be based on the second date of death.

This provision also applies to any rider attached to this policy. The two-year period will be measured from the rider's date of issue.

Error in Age or Sex

If either Insured's age or sex as stated in the application is wrong, it could mean the Monthly Policy Charges are wrong and that policy values have to be recalculated. The same is true for the age or sex of any other person insured by a rider to this policy. If the error is discovered while at least one Insured is still living, We will adjust the Account Value to the amount it would have been if the monthly Cost of Insurance Charges for the correct age and sex of each Insured had been applied from the Policy Date. If the error is discovered after the deaths of both Insureds, We will adjust the amount of the Death Proceeds payable to the amount that the monthly Cost of Insurance for the month of death would have purchased at the correct age and sex of each Insured.

Claims of Creditors

The proceeds of this policy will be paid free from the claims of creditors to the extent allowed by law.

Assignment

You may assign this policy, subject to the rights of any irrevocable Beneficiary, by giving Us written notice of the assignment. An assignment does not change the ownership of the policy. But, Your rights and any Beneficiary's rights will be subject to the terms of the assignment. We will not be responsible for the validity of an assignment. We will not be liable for any payments We make or actions We take before We receive written notice, satisfactory to Us, at Our Home Office of an assignment or, as applicable, a release of assignment.

Required Note on Our Computations

Calculations are based on the Mortality Tables and minimum guaranteed interest rate(s) shown on the Policy Schedule. We have filed a detailed statement of Our

computations with the applicable State Insurance Department. The values under this policy are not less than those required by the law of the state where the policy is delivered. Any benefit provided by an attached rider will not increase these values unless stated in the rider.

Authority to Make Agreements

All agreements made by Us must be in writing and signed by Our president, a vice president, Our secretary or an assistant secretary. No other person, including an insurance agent, can change any of this policy's terms, extend the time for paying premiums, or make any other agreement which would be binding on Us.

Conformity with Laws

We reserve the right to make any changes necessary to comply with any federal or state statute, rule or regulation. We do not need Your consent to make such changes.

When In Force

The policy will take effect on the date You have received it, satisfied all delivery requirements, and paid the minimum initial premium as described in the ***Payment of Premiums*** section while both Insureds are alive and in the same health as indicated in the application. It will take effect anew on any reinstatement date. The policy will be "in force" from the time it takes effect until it ends as described in the ***Termination*** section.

Termination

This policy will terminate and all insurance coverage under the policy will stop: (1) as of the date We receive notice from You requesting surrender of the policy; (2) as of the date the surviving Insured dies (although some riders may provide benefits for other covered persons beyond the surviving Insured's death); (3) as of the date the Grace Period expires without payment of the needed premium; or (4) as of the date 61 days after We mail You notice that the amount of the Indebtedness exceeds the Cash Surrender Value less the Monthly Policy Charges without payment of the needed loan repayment; or (5) the day before the exchange date under the ***Policy Exchange Option*** section.

Notices

Whenever written notice is required, send it to Our Home Office. The address of Our Home Office is shown on the front of this policy. Please include the policy number in Your correspondence.

Nonparticipating

This policy and any riders attached to it are issued at a nonparticipating rate and shall not share in Our surplus earnings.
